RECORD OF TELEPHONE INTERVIEW

On February 24, 2005, the undersigned attorney received a telephone call from Examiner Emmanuel Coffey who requested information about several components of the claimed invention.

To avoid a continuing exchange of telephone calls and correspondence, on February 28, 2005, the undersigned attorney telephoned the Examiner and stated that any information necessary would be given in writing in response to an Office Action. The undersigned attorney also pointed out that the Amendment of November 29, 2004 did not amend the claims substantively, only as to form, and so should a new Office Action include a rejection under 35 U.S.C. §112, that can not be a final rejection. See MPEP §706.07(a).

To the extent necessary, Applicant petitions for an extension of time under 37 CFR §1.136. The Commissioner is authorized to charge any deficiency in fees, including extension of time fees, or to credit any overpayment in fees to Attorney's Deposit Account No. 50-0481.
